

ROUTINE BUSINESS

Chiefly Occupied the Attention of the City Fathers.

FERRY LANDING PRIVILEGES

Granted After Some Discussion to T. C. Wilson, who will run a Gasoline Yacht Between the City and Island—New Loan Commissioners and Election Judges Named—Board of Public Works Goes After the W. & E. G. Railway.

The city council held a regular meeting last night. Quorums were secured in both branches at 8 o'clock, and all business before council was transacted by 9:30 o'clock. Discussion ensued only on the granting of ferry landing privileges to T. C. Wilson for a gasoline yacht, a grant opposed by the river men.

After the reading of the minutes, City Clerk Watkins submitted his monthly report, which was as follows:

| DEPARTMENTS. | Appropriations. | Expenditures. | Balance. |
|------------------------------------|-----------------|---------------|-------------|
| Board of public works— | | | |
| 10c levy | \$20,000 00 | \$17,897 22 | \$2,102 78 |
| Contingent fund | 20,000 00 | 19,614 89 | 385 11 |
| Appropriations | 455 00 | 250 00 | 205 00 |
| Fire department | 36,163 17 | 29,805 55 | 6,357 62 |
| Health department | 10,000 00 | 9,133 26 | 866 74 |
| Markets | 2,045 23 | 2,649 09 | 593 86 |
| Police | 27,130 00 | 22,718 90 | 4,411 10 |
| City prison | 4,720 00 | 4,075 74 | 644 26 |
| Scales and weighing | 800 00 | 714 25 | 85 75 |
| Real estate | 3,375 00 | 2,931 10 | 443 90 |
| Cemeteries | 1,200 00 | 993 76 | 206 24 |
| Salaries | 5,896 66 | 5,103 15 | 793 51 |
| Contingent expenses | 16,270 00 | 15,747 22 | 522 78 |
| Compromise loan | 2,538 74 | 1,231 37 | 1,307 37 |
| Loan of 1877 | 12,430 00 | 12,692 00 | |
| Loan of 1881 | 12,592 00 | 12,692 00 | |
| City water board | 101,652 29 | 56,544 17 | 45,108 12 |
| City gas works | 96,000 00 | 73,623 13 | 22,376 87 |
| Loan of 1882 | 23,220 00 | 23,220 00 | |
| Collection of taxes | 5,000 00 | 857 63 | 4,142 37 |
| Main street bridge loan | 1,872 50 | 1,872 50 | |
| Main street bridge loan, 2d series | 4,170 00 | | 4,170 00 |
| Electric light loan | 10,400 00 | 10,400 00 | |
| Totals | \$422,626 59 | \$332,834 97 | \$89,791 62 |

The city clerk's report showed that City Collector Hall had turned over to City Receiver Forgy the following amounts:

| | |
|-----------------|--------------|
| Fifty cent levy | \$115,703 46 |
| Ten cent levy | 22,576 40 |

The report was adopted. Bills submitted from the following committees were ordered paid:

| | |
|-----------------------|----------|
| Claims | \$ 65 69 |
| Fire department | 46 00 |
| Real estate | 115 73 |
| Board of public works | 1,138 00 |

Total \$1,255 48

The committee on cemeteries recommended the granting of two transfers at Peninsula cemetery; adopted.

The committee on elections named as election judges, Third ward: C. T. Reed, vice W. K. Bodley, resigned; Fourth, Clarence Echols, vice George Hogg, resigned; Fifth, Louis Delbrugge, vice W. B. Odger, resigned; Eighth ward, Charles Heinlein, vice John Manion, resigned; adopted.

The committee on petitions and remonstrances recommended the granting of coffee house license transfers to Henry Moore, Jacob Steurnagle, Frank Ayres and August E. Nolte; adopted.

The committee on streets, alleys and grades recommended that board of public works be instructed to put new curb on Twenty-second street, between Main and Water streets; that the owners of railroad track on Twenty-second street, put tracks in center of the street; that the alley between North Broadway and North York streets, be opened; that new curbing be put on Thirty-fifth street, between Chapline and Market streets. These resolutions were all adopted.

The same committee also submitted an ordinance for the changing of the grades on Island streets and alleys—Florida and Elm streets, and alleys K, J, and L. After Clerk Watkins read an ordinance twice, Mr. Hoe wanted to know if the board of public works had the money to carry out the grading, or if the ordinance was a scheme of the "loan refusers" to catch the Island vote. Nevertheless, the ordinance passed unanimously after this rally.

The committee on wharves recommended granting ferry landing privileges to T. C. Wilson at the wharf and at Ohio street. Mr. Megall moved to refer to the committee on ordinance.

Mr. Higgins argued against this move. The Island people, he said, wanted this ferry in operation as soon as possible. To delay Mr. Wilson's petition would cause him the loss of the option he now holds on the boat.

Previous to Mr. Higgins' remarks, and while he was in the first branch chamber, the motion to refer to the ordinance committee had passed. Mr. Higgins also stated that Mr. Wilson didn't need an ordinance to carry on his ferrying business. On account of his having been absent during the passage of Dr. Megall's motion, Mr. Higgins asked for a reconsideration of his motion. He cited the opinion of the city solicitor that an ordinance wasn't necessary, that a resolution of council sufficed.

Chairman Bucey, of the committee on wharves, moved to reconsider. His motion prevailed by a vote of 11 to 7.

Mr. Higgins then moved that the resolution of the wharves committee, giving Mr. Wilson the privilege be passed, and his motion was successful, by the same vote, 11 to 7.

The board of public works reported that it had no funds to fix up a stone wall at the corner of Eighth and Market streets. The communication was referred to the finance committee.

City Engineer White reported that the Wheeling & Erie Grove Railway Company had not done satisfactory paving on McCulloch street. In some places the paving was not only defective, but dangerous. During the progress of the work the board of public works had notified the company of its violations to conform with the ordinance granting it the right to lay the tracks. The board's communication noted the fact that failure of the railway company to live up to the ordinance, placed the company in danger of having its franchise, so far as it related to its new line, revoked.

On motion of Mr. Fair, the matter was referred to the joint committees on streets, alleys and grades and railroads, and the city solicitor.

The bonds of E. Buckman, Dr. H. T. Ford and Julius Pollock, in the sum of \$10,000, were approved and their affidavits received.

President Chew, of the second branch, announced that three of the loan commissioners elected at the last meeting of council, had declined to serve, and as a result a joint session was necessary to elect commissioners in their places. The gentlemen who declined to serve are Messrs. J. A. Jefferson, John Bodley and Howard Haxlett.

In joint session of both branches,

Mayor Butts presiding, nominations were taken as follows: Main street bridge loan, first series—B. W. Peterson and L. E. Sands. Main street bridge, second series—J. A. Miller, B. W. Peterson and L. E. Sands.

There being no other nominations, their elections were made unanimous. Mr. Miller had been previously elected as commissioner for the first series, bridge bonds.

The first branch concurred in all that came over from the second branch, and in addition, referred to the committee on ordinances Mr. Schmidt's resolution, extending until January 1, 1898, the time for the Baltimore & Ohio railroad to erect safety gates at Sixteenth and Main streets.

IN THE OIL FIELDS.

In the southwest extension of the Elk Fork pool the Paava Oil Company No. 4, J. K. Hill, is holding up at 400 barrels a day. No. 5 on the same lease will be due this week. Its location is the farthest in advance of the southwest, which makes it an important test. Nos. 6 and 7 are drilling. Four new wells should reach the sand in the extension this week, and should give an increase in production from that part of the pool. It is the prevailing opinion now that the limits of the pool in all other directions have been fully defined. With one or two exceptions there are no new wells drilling or starting in any other portion of the pool. A majority of the other wells have been put to pumping and are fairly good producers. The production of the pool is but a little below 8,600 barrels a day.

Those who have pinned their faith to "Monroe county, in the past six months have been reaping nothing but the chaff of misplaced confidence. Outside of a very few wells in the Benwood developments but two fairly good wells have been found, and the aggregation of dusters number more than a dozen. The latest acquisition to the array of unprofitable ventures is Shay & McMillen's test on the Konia farm. It is located north of Cameron, and at fifty-five feet in the Big Injun is a failure.

In the Benwood district the Fisher Oil Company will drill in its No. 5, Bondi, this week. It should make a producer.

At Hebron, near the dividing line of Tyler and Pleasant counties, the South Penn Oil Company has drilled in its No. 3, on the A. M. Smith farm, and will have a seventy-five barrel producer. In the same locality the Carter Oil Company has drilled its No. 17, A. Broadwater, through the Cow Run sand and has a duster.

In the Hendershott development, Wood county, some new work is starting. T. N. Barnsall has the rig up for No. 2, on the S. Richardson farm, and Beatty & Co. have a rig up for a test on the Swigart farm. The South Penn Oil Company is starting No. 3, on the Hendershott, and Caldwell & Co. are drilling No. 1, Newbanks, and No. 2, J. Allerman. Barnsall & Co. intend to start to drill at No. 2, S. Allerman. Snyder & Co.'s No. 4, Freshwater, is drilling at 400 feet.

THE RAILROADS.

Eastbound Chicago freight shipments for the week ending November 13 amounted to 47,901 tons, against 46,470 the previous week and 65,640 last year, divided among the different roads as follows: Pan-Handle, 9,000 tons; Michigan Central, 3,713; Wabash, 3,339; Lake Shore, 4,659; Fort Wayne, 8,729; Baltimore & Ohio, 2,455; Grand Trunk, 4,446; Nickel Plate, 4,633; Erie, 3,975; Big Four, 2,600. The lake lines carried 116,158 tons.

IT IS POPULAR.

The new form of interchangeable mileage ticket issued by the Western roads is proving very popular. The Seaboard ticket was placed on sale November 13, and 25,000 tickets were ordered printed, and it was thought that they would be sufficient for the demands that would be made. This number is exhausted, however, and another 25,000 have been ordered.

READYJUSTMENT OF RATES.

NEW YORK, Nov. 23.—The managers of the Joint Traffic Association recommend that effective on legal notice, rates in both directions between Toledo, O., and eastern points, via Flint & Pere Marquette railroad through Detroit, be made on the basis of seventy-eight per cent. of Chicago-New York rates, without affecting the rates at intermediate points.

No hanging to do with Politics.

PEORIA, Ill., Nov. 23.—It is said at headquarters of the Brotherhood of Locomotive Firemen, Brotherhood of Railroad Trainmen, and Order of Railway Telegraphers, that these organizations as such, will have nothing to do with the new railway employees and telegraphers political league of America, as they had nothing to do with the old American railway league because of its political character, unless the league should endeavor to use them through their own members. Then they would take measures to stop such intrigues. The November number of the Trainmen's Journal criticizes the old league severely. It declares "it (the league) is an attempt to make politicians, railroad managers and others believe that the officers of the league possess an all-powerful influence with the men that will lead them to vote whichever way the aforesaid officers direct them. Its purpose is not only political, but partisan."

THE verdict of the people is that Dr. Bull's Cough Syrup is the best remedy for coughs, colds, sore throat, asthma, etc.

Going to the Klondike

Send your address for particulars, maps, itinerary of the "Dawson City Relief Expedition" and other trains. Weekly service Jan. 15 from Seattle by steamer to Port Wrangell, thence by the Klondike Rapid Transit-Glover Locomotives recommended by the Hon. Secretary of War—over Liver, Lake and Land arriving five months earlier than by any other system of transportation. Address

KLONDIKE SNOW & ICE TRANSPORT CO., 206-208 Great Northern Bldg., Chicago. Joseph Ladue, Pres. L. I. Rosenfeld, Gen. Mgr. 1023-m&w

Beautiful Skin

Soft, White Hands with Shapely Nails, Luxuriant Hair with Clean, Wholesome Scalp, produced by CUTICURA SOAP, the most effective skin purifying and beautifying soap in the world, as well as purest and sweetest, for toilet, bath, and nursery. The only preventive of inflammation and clogging of the pores.

McSorley's Twins

There was a big audience at the Grand last night, but not larger than the attraction merited. "McSorley's Twins" was on the boards and proved all that is claimed for it—one of the laughing hits of the season. The major portion of the fun is created by two of the funniest Irishmen ever seen upon a local stage. They are supported by a large company of comedians and vocalists, including a bevy of very attractive girls. The piece was apparently constructed for laughing purposes only, and it admirably fulfills its mission. The specialties introduced by members of the cast were excellent, and were favorably received. Crowded houses should be the rule to-day at the matinee and night performances.

Treasury Balance. WASHINGTON, Nov. 23.—The available cash balance in the treasury to-day was increased \$13,645,350, making the total \$216,502,595, the increase being the amount received on account of the sale of the bonds in the sinking fund of the Union Pacific railroad.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

A Steady stream of milk buyers

all day yesterday. We expect an equal number to-day. GEO. M. SNOOK & CO.

John Becker & Co.,

JEWELERS AND OPTICIANS. 5227 Jacob Street, Wheeling, W. Va.

SOCIETY.

The Cathedral was the scene yesterday morning of the wedding of Miss Hannah A. O'Kane, daughter of Postmaster M. J. O'Kane, to Mr. Joseph A. McGuigan, traveling salesman for S. M. Rice & Co., and the esteem in which the contracting parties are held was attested by the large number of their friends present.

The beautiful marriage ceremony of the church was performed by Rev. Father Robert O'Kane, of Mountville, a brother of the bride, and assisting him were Rev. Father McDermott, of Wytheville, Va., as deacon; Rev. Father Gallagher, of Cumberland, as sub-deacon, and Rev. Dr. Farrell, of Cleveland, master of ceremonies. Mr. Rev. Bishop Donahue occupied his throne at the left of the altar, and he was accompanied during the services by Rev. Fathers Moye and Harris, who assisted in the cantuary.

There were no attendants, but Messrs. John O'Kane, Charles Ray, August Wentzel and James McGuigan acted as ushers. Special music was rendered during the ceremony, under the direction of Sister Angela, who presided at the organ, and Miss Kate Galther sang several solos. The ceremony concluded by 8 o'clock, after which the bridal party were driven to the home of the bride's parents, where breakfast was served. Mr. and Mrs. McGuigan left for the east yesterday morning, and upon their return will live on South Eoff Street.

Another wedding solemnized at the Cathedral yesterday morning, was that in which Miss Laura Klives, of this city, and Mr. Theodore Jungling, of the clerical force at the Pan-Handle depot, Pittsburgh, were the contracting parties. Rev. Father Harris performed the ceremony, and the attendants were Mr. Alphonse Lecker and Miss Rose Dorsey. The bride was a prominent member of the Cathedral young ladies' sodality, and this organization remembered her by the presentation of a beautiful picture. Mr. and Mrs. Jungling will make their home in Allegheny.

Minnie Madden Fiske repeated many past Wheeling triumphs last night at the Opera house, when she and her excellent company appeared in the dramatization of Thomas Hardy's masterpiece, "Tess of the D'Urbervilles." In the unhappy "Tess," Mrs. Fiske achieved her most notable triumph. It is the most artistic conception imaginable, more finished, in fact, than Hardy wrote the character, particularly in the first scene of the final act, when "Tess" kills Alec. D'Urberville, after having been goaded to desperation by his cruel and merciless taunts and following the discovery that she had been deceived when told that her husband had died. When "Tess" disappears into D'Urberville's room, knife in hand, one can hear a pin drop, so still and with bated breath has the audience become. Mrs. Fiske's support was all that could be desired, without exception.

THE PLAYERS' CLUB.

Thanksgiv! What a world of meaning the name implies. Does any one stop to give the matter much thought? It is a season for giving thanks for blessings bestowed during the past and in anticipation of the coming year. The present, however, should not be overlooked, for we will have with us an additional benefit on Thursday, November 25, which should not be forgotten, namely the production of "Young Mrs. Winthrop" at the opera house. It is the scene of domestic joys and sorrows in everyday life, depicted in a most charming manner, a combination of humor and pathos, presented by members of the Players' Club in their weeks of rehearsal and careful training. The Wheeling public will have an opportunity of showing their appreciating encouragement to these ambitious thespians who will endeavor to add new laurels to their already well earned reputation. Every indication points to a large and fashionable audience being present. It will be a social and dramatic event long to be remembered.

JOHN L. SULLIVAN.

One feature sure to please the ladies witnessing the perfect performances the John L. Sullivan company is known to give when it plays at the Grand. Thanksgiving and the remainder of the week, will be Miss Rolla White's exhibition of professional boxing and sparring methods. Miss White to-day stands the champion lady athlete of the world. Unlike most ladies in this line, she is not masculine, but young, pretty and petite, and after once seeing her go through a performance, athletics seem desirable to the female mind.

MORRISON'S "FAUST."

Morrison's powerful dramatic company will produce an elaborate scenic and dramatic version of Goethe's immortal "Faust." The piece will be mounted with magnificent scenic embellishments. Startling scenes that make the poor miserable mortal feel his weakness when compared to the power of the immortal, come in quick succession. For the reason "Faust" is a worthy moral lesson as well as a gorgeous production of dramatic and scenic art. In obtaining the fine scenic effects the power of electricity is taken advantage of. There are many electric surprises and mechanical novelties, making it as a whole one of the most elaborate and brilliant productions ever witnessed. The production here will be complete in every detail at the Opera house next Saturday matinee and night.

1210 MAIN STREET.

WEYLER AT BARCELONA.

Official Report of His Reception States It was Rather Cool.

MADRID, Nov. 23.—The official report of the landing of General Weyler at Barcelona differs from the independent reports. The former says the general landed without the demonstration in his honor assuming the proportions anticipated and that as he traversed the streets the public appeared indifferent.

Continuing, the official version of the affair adds that six gala carriages awaited the general, but that the crowd was small, little enthusiasm was manifest, that there were no delegations of students or politicians and that no windows were decorated.

It is understood in Barcelona that General Weyler will hold aloof from the Catalans and Republicans; but he desires to pose as the champion of "national protection," aims at reorganizing the Conservative party and in order to realize his protectionist ideal, he will vigorously oppose the granting of tariff autonomy to Cuba.

BARCELONA, Nov. 23.—General Weyler, addressing a number of his friends shortly after his arrival here, expressed great regret at his recall from Cuba, adding that he was particularly annoyed at the attitude of certain newspapers, which declared he favored the insurgents. Continuing, the general remarked: "Spanish soldiers, however, have the same contempt for these papers as they have for filibusters."

Referring to the concentration of the Cuban peasants near the towns of that island, General Weyler explained that he deemed such a step necessary because they were "spies and the most devoted friends of the enemy."

In regard to autonomy, the former captain general of Cuba said: "Autonomy in Cuba will be most unfortunate for national industry. The riches of Cuba belong to Spain, an autonomy means the disappearance of Spanish workmen and complete misery throughout the island. There is as much reason for Catalonia, the Balearic islands, and the other provinces to ask for autonomy as Cuba."

THE RIVER.

1210 MAIN STREET.

NO Theory Here.

The greatest claims for S.S.S. (Swift's Specific) are made by those whom it has cured, and after all the most valuable reputation is one which is given by those who speak from experience. We could publish a page of what we claim S.S.S. will do, but the people prefer to read of what it has done, and hence we give the testimony of reputable, well-known people in different parts of the country, who gladly tell of how S.S.S. has cured them of blood diseases, after trying other treatment in vain.

No wonder S.S.S. has such staunch friends. The experience of those who take it to-day will be the same as of those who twenty years ago found it the only cure. Blood diseases are obstinate, and cannot be cured by one medicine in a dozen which claims to cure them; so when S.S.S. is taken with satisfactory results, after a disappointing experience with other remedies, it is not strange that it has grateful friends by the score.

Mr. William Sowers, of Bradford, Ohio, was cured by S.S.S. ten years ago of a severe blood poison, and writes that to this day no sign of the dreadful disease has ever returned. He says:

"I had a terrible blood disease which is considered incurable, and was treated for a long time by the best physicians, but they did me no good. The disease seemed to get a firmer hold on me, and attacked my tongue and throat, which were soon full of vile ulcers.

"I changed doctors several times, and afterwards took nearly every blood remedy on the market, without the slightest benefit. After five years of treatment which did me no good whatever, I was induced to try S.S.S. This remedy proved itself equal to the case, for in a few months I was entirely cured and my skin was perfectly clear and smooth. I could hardly believe that the cure was permanent, but ten years have elapsed and no sign of the disease has yet appeared."

S.S.S. is a sure cure for Cancer, Catarrh, Contagious Blood Poison, Scrofula, Rheumatism, Eczema, and all other blood diseases, which other remedies have no effect whatever upon. It is

Purely Vegetable

and is the only blood remedy which is guaranteed to contain no mercury, potash or other harmful mineral. S.S.S. is sold by all druggists.

Books on Blood and Skin Diseases will be mailed free to all who address Swift Specific Company, Atlanta, Georgia.

AN OBVIOUS ERROR.

A "Mix-up" of Tables of Figures in Yesterday's Paper.

Yesterday a mix-up of figures in Receiver Forry's communication to the Intelligencer occurred unfortunately. In order to correct the mistake a portion of this communication is reproduced, and the two tables that were transposed are given in the order that the writer intended:

I would like to ask the tax-payers to go over these figures carefully and see what is left of the general revenues of the city to apply to general expenses of the city after the bondholders are satisfied. Required under city ordinances now in force.

In 1897 the 50-cent levy produced about—\$120,000 00 Licenses..... 42,000 00 Railroad..... 2,500 00 City property..... 750 00 Cemetery lots, etc..... 450 00 Insurance tax..... 1,200 00 Balance for general fund December 31, 1896..... 7,432 04

Total general revenues.....\$173,322 04 This sum will no doubt be the basis upon which the finance committee will make up its budget of appropriations for 1898. Our total for the first appropriation will be \$20,476 50 as interest, and \$27,220 as principal, to be paid upon the debt of the city as shown in table No. 1, a total of \$107,706 50, leaving a balance of \$72,525 54 to be used as general expenses of the different city departments.

The appropriations for the present year, 1897, will no doubt form the basis of the appropriations for 1898, and were as follows:

For the fire department.....\$26,163 17 Police department..... 26,430 00 Health department..... 8,000 00 Contingent expenses..... 10,000
